**General Instructions**

*(References are to the Internal Revenue Code.)*

**Purpose of Form.**—Form 8816 must be filed by insurance companies that elect to take an additional deduction under section 847.

**When to File.**—Attach Form 8816 to Form 1120-PC filed by the corporation for the tax year of the additional deduction and for each subsequent tax year there remains an amount of unpaid losses resulting from the deduction.

**Specific Instructions**

**Part I—Special Loss Discount Account (SLDA)**

Maintain a separate SLDA for each accident year for which the additional deduction under section 847 is attributable. Do not net amounts from one year against amounts from another year.

**Line 1.**—Enter the balance in the SLDA at the beginning of the year for which this return is filed.

**Line 2.**—Enter the undiscounted unpaid losses (as defined in section 846(b)) for each accident year, measured as of the end of the tax year, attributable to losses incurred in tax years beginning after December 31, 1986. See section 847(1)(A) for details.

**Line 3.**—Enter the related discounted unpaid losses determined under section 846. See section 847(1)(B) for details.

**Line 5.**—Enter the excess of the corporation's undiscounted unpaid losses for the year (line 2) over the corporation's discounted unpaid losses for the year (line 3). The amount entered on line 5 may not exceed the amount on line 4. The total of the amount(s) reported on line 5 must be the same amount as on Schedule A, line 27, Form 1120-PC. Generally, additions are only made to a specific loss year's account in the initial year.

**Line 6.**—Enter on this line and on Schedule A, line 12, Form 1120-PC, amounts the corporation is required to remove from the SLDA and include in income. See section 847(5) for details. If there are entries under 2 or more columns, enter the total of all columns on Schedule A, line 12, Form 1120-PC.

**Line 7.**—The amount entered on this line may not exceed the amount on line 4.

**Part II—Special Estimated Tax Payments**

Use Part II to reconcile the corporation's special estimated tax payments for each tax year it has made a section 847 election.

**Line 8.**—The amount entered on this line should be the same as the ending balance for this account for the year immediately preceding this year. If the amounts are different, attach an explanation.

**Line 9.**—Enter the total payments made for this accident year. The amount entered on this line for the

current accident year must agree with the figures shown on line 21 of this form, and line 14d, page 1, Form 1120-PC. Generally, payments are only made in the initial year an account is established. If amounts are added in subsequent years, attach an explanation.

**Line 10.**—Enter the total payments applied to pay additional tax due as a result of including in income amounts required under section 847. The total of the amount(s) on line 10 must agree with the amount on line 14b, page 1, Form 1120-PC.

**Part III—Tax Benefit Associated with the Additional Deduction Under Section 847**

**Line 15, Columns (a) and (b).**—Compute the tax due on the amount shown on line 14 and enter on line 15.

**Line 16, Columns (a) and (b).**—Enter the allowable tax credits. Any credit limitations should be recomputed using lines 14 and 15. Attach a schedule showing all computations.

**Line 17, Columns (a) and (b).**—Enter any other taxes the corporation is required to pay. See lines 9 through 12, page 1, Form 1120-PC. Also enter any other taxes the corporation is required to add to line 13, page 1, Form 1120-PC. Attach a schedule showing the computation of "other taxes" for both columns (a) and (b) (e.g., alternative minimum tax).

**Line 20.**—Enter any additional tax benefits derived from the section 847 additional deduction, such as those from a net operating loss carryback or the filing of a consolidated return.

**Line 21.**—The amount shown on this line must agree with the special estimated tax payments made during the year as shown on line 14d, page 1, Form 1120-PC. Line 21 may not be zero or a negative amount.
